

I am not in favor of the move for LPFM to take priority over other FM translators, because it would mean that Airl radio would go off the air in my area. Air 1 radio provides positive and encouraging programming for thousands in the Savannah, GA area. I have been blessed by the Christian messages that this station shares with listeners and it has become a part of my daily life. Without it, I would be missing a vital part of my day. Through the ministry of Air 1, many people have changed their lives for the benefit of the community and other areas of outreach. One recent event was the support of building churches in Cambodia. Through Airl, listeners were able to contribute to the funding of several new churches for lost children in Cambodia. What a shame it would be to see this ministry be forced out by other programming. Please consider the consequences of ending this ministry and keep Airl on the air!

Thank you for your time and God bless,  
Phil Royer
